Jaara Ice Cream

Jaara™ Ice Cream was founded in 1925 by Khalil Munib Jaara in the Levant area of Syria. The creamery was transformed into the first plant in Syria, producing a unique and highly desired Premium Mastic Ice Cream by Munib & Samer Jaara. The factory held industry registry #1 in the region and today, Jaara operates with two plants, 15 privately owned retail shops, and hundreds of sales points.

Pozzitto

Going worldwide with our new presence (Pozzitto) is a result of hard work that started since 1925 and continued on for generations

The first generation initiated this invaluable idea and worked very hard since the beginning with the simplest of tools on the shores of Syria at the Mediterranean Sea in the heart of the Middle East. The wooden hammer, the Round Frozen batching tank, the Mastic Gum, the hard work, the organic Salep and the mental formulation pounded by the wooden hammer to airy/stretchy perfection and right consistency.

Came together to yield the best and most formidable tasting 100% natural Premium Mastic Ice Cream ice cream to our Lovely customer around the world.

The second generation came along and evolved the idea and the production so that it suits the machines and the increased number of flavors so that you can fathom the real new taste of natural fruits. That continues the tradition of highest quality.
